

**SWS Zoom Meeting NEXT Saturday, March 18th 9:30am**

Featuring a demo with Tim Oliver, NWS

We'll send you the agenda and Zoom link in an email next week.

Texas watercolor artist, Tim Oliver, holds Signature membership in the National Watercolor Society and the Western Federation of Watercolor Societies. He was first introduced to watercolor in 1981 as a landscape architecture student, but it was not until 2009 that he found himself in a life situation that allowed him a new beginning with the medium.

He says, "As with all artists, my style is constantly evolving, but presently I describe my style as "sloppy representationalism." I paint in a representational style with a "sketchy" quality to it. It seems to fit me. I'm passionate about interpreting and communicating the character and the emotion of places in my work."
